

AHATPA

Health Journey

Get on the road to better health

Imagine having a health plan that goes beyond providing coverage and does more to help your employees live an all-around healthier life. It's possible with the AHATPA Health Journey program from AmeriHealth Administrators.

Starting with unparalleled access to data, AHATPA Health Journey works hard to create impactful relationships with your employees. It also has the power to turn that level of engagement into healthy results for both your organization and your employees.

AHATPA Health Journey guides and supports your employees on the road ahead

Smarter insights

- Access to 10 years of historical claims data and 10.5 million unique plan member records
- Analyze and apply the data to know how, when, and where to deploy the right resources
- Utilize ongoing, real-time data and predictive modeling

Deeper engagement

- Reach every plan member with tools, programs, and savings opportunities to meet their unique needs
- Embrace an omni-channel approach to care management
- Provide personalized, one-on-one care and outreach through a dedicated nurse case manager and multispecialty care team

Better results

- Help deliver a healthier bottom line, reducing organizations' health care costs by an average of 3-5%
- Lower number of emergency room visits and reduced number of high-cost claims

Digitally engaged plan members are 30% more likely to respond to a case manager

45% more calls to case managers

11% increase in compliance with necessary tests and screenings

20% increase in switching to a cost-effective generic drug from a brand-name drug

Every employee's health journey is different

Successful health relationship management hinges on accurately identifying and understanding who and what are driving health care costs. With access to unparalleled data and insights, we can ensure the right support is provided at the right time to influence behavior and achieve better results. **Meeting plan members where they are leads to better engagement, outcomes, and savings.**

Care management interactions are driven by each plan member's risk stratification, their likelihood to engage, and the likelihood to impact.

Choose the best direction for your organization

Our comprehensive AHATPA Health Journey portfolio helps employers reach their ultimate destination: a healthier workforce and bottom line.
